Dear Friends Urquhart & Glenmoriston S Club,

I am pleased to say hello to you. I want you to know this gift is a great blessing for me. My family is very grateful to you for it. Taking advantage of this letter, I want to tell you a little about myself. My mom works by picking coffee beans during the harvesting season, so my siblings and I usually go with her. We like playing among the coffee plantations because it is fun. When we come back home, we must take a shower since we get dirty because of dust and honey from the coffee plantations. I enjoy taking a shower!

I also enjoy watching TV and playing football with my oldest brother. I am so happy because I have started to attend school. I like learning! I already know how to read and write, but what I enjoy the most is drawing and painting. This is all for now, but I loved greeting you. See you later!

Huge hugs,

Your Sponsored child

Antony Daniel Salazar Hernandez
